2025 EASTER NEWSLETTER

A Warm Autumn Welcome

FROM OUR MANAGER
NATALIE BLOCK

Welcome to our autumn issue! While pulling it together, we've been completely inspired by the amazing new businesses and experiences in our village and have included a sneak peek at our new boutiques, we have to say, they are already a guest favourite. Pop into reception during your stay and we'll show you where you will find these delightful businesses.

While the cooler weather normally has our team hiding under the blankets or by an open fire, there is just too much happening to hibernate. Our autumn bucket list now includes cocktails with the team at Eschalot Restaurant, including the very pretty and delicious signature cocktail featured on our front page and we'll also be heading along to The Surveyor General Inn on 12 April for the 'Strip the Willow' country dance, we're also proud sponsors of this fantastic community event.

With Easter just around the corner we hope you have a wonderful break with family and friends, and our guide to 'what's on' inspires you to book a stay and leave the city to breathe our fresh, Berrima, country air.

How lucky are we to live in such a special place and have you stay as often as you can.

The Secret Vintage Society

The Secret Vintage Society, a new destination for high-end antiques and collectibles, has officially opened its doors in Berrima's iconic Bell Gallery on Jellore Street, offering a luxurious blend of history, artistry, and refined interior design. Curated with a discerning eye for quality and style, The Secret Vintage Society showcases an exquisite collection of European antiques and decorative pieces, including elegant furniture, fine art, and rare collectibles personally sourced from France, Belgium, and beyond. Every item tells a story, and together they create a space that embodies the essence of classical design and impeccable taste.

"The Secret Vintage Society is more than just a store - it's a celebration of beauty, heritage, and timeless design," said Lou Hakewill, Curator and CEO. "We've carefully curated a collection that inspires creativity and elevates interior spaces, offering our customers pieces that are as distinctive as they are enduring". The Secret Vintage Society promises to appeal to avid collectors, interior designers, and those seeking distinctive pieces to enhance their homes or businesses. Whether it's a delicate 19th-century French armchair, a 18th-century European painting, or a one-of-a-kind vintage objets d'art, the collection is as diverse as it is refined. "We have made it our mission to source and offer pieces that are not only of outstanding quality, but will inspire and bring joy to their new custodians for the rest of their lives", said Lou.
